

# Business course 2<sup>nd</sup> and 3<sup>rd</sup> of December 2020

## SHIPPING BYPASS PARAGUAY / BRAZILIË

Do you want to experience what it's like to work at our engineering company? Then join our business course! What will you be doing?

- you will be working in teams on a case concerning the construction of the shipping bypass at the Itaipu dam (Paraguay / Brazil), one of the seven civil engineering wonders, which will be used to contribute to sustainable transportation over water;
- think of solutions for challenges related to construction, hydraulic engineering, water safety, landscape integration and ecology in a dynamic environment with various stakeholders in a Latin American culture;
- you will experience what it is like to work for a Latin American client (Paraguay / Brazil);
- you will be involved in negotiations between parties which have influence on major choices within the project;
- think of how you and your team can apply innovative technology and sustainability in the best way possible;
- at the end of the day, you will pitch your complete solution to a professional jury;
- in addition, you will get the unique opportunity to meet experienced Witteveen+Bos employees.

Invest in your future and join our Business course!
